

To the Political Science majors:

As you know, registration for Spring 2012 is upon us and you can be putting things in your shopping cart. If you encounter particular problems or oddities with PAWS or the schedule (related to Poli Sci) let me know. .

Please note that there are three sections of POL 370 Selected Topics; -01 Michael Rossi's on the EU, -02 Jesse Bucker's on African Politics, and -03 Reed Gusciora's on the Politics of Gay Civil Rights and Marriage Equality. They will count as international, comparative, and American courses respectively.

Dr. Rossi's tutorial will focus on "Democratic Transitions" and my seminar will be co-taught with Bradley Brewster of Princeton Public Affairs Group and focus on American public policy.
